SIXTH YEAR.

MAYSVILLE, KY., THURSDAY, MARCH 25, 1897.

ONE CENT.

BOLTERS! B'GOSH!

STILL TWO SHORT!

Dr. Hunter Lacked That Many Votes to Elect Him.

WHO THE "BOLTERS" WERE.

DR. W. G. HUNTER.

Special to The Public Ledger.

FRANKFORT, March 24th.

The first joint ballot for United States Senator took place today.

The only change from the separate ballot taken yesterday was that of St. Louis, Democrat, who deserted Blackburn and voted for Hunter.

The roll call showed 136 present, 60 being necessary to a choice.

The result of the ballot, however, left Hunter two short of election, the vote being—

Hunter.....	67
Blackburn.....	49
Devie.....	11
Boyle.....	6
Buckner.....	6
Stone.....	1
Tyler.....	1

The Free-silver Democrats voted for Blackburn, the Republicans for Hunter, the "bolters" for Boyle, and the Sound Money Democrats for Devie and others.

The six "bolters" who have conspired to defeat the regular caucus nominee are Senators Clark, Lacey and Bunn, and Representatives Baldwin, Nance and Napier.

At the conclusion of the ballot the Democrats and these bolting Republicans combined and forced an adjournment without another vote.

There'll be another joint ballot tomorrow.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Mr. Charles D. Pearce went to Frankfort yesterday afternoon.

Mr. Ernest M. Hall of Mayfield was a caller on The Ledger yesterday.

Mrs. B. H. Robinson of Carlisle is visiting Miss Mary M. Hall at Mayfield.

Miss S. B. Shepard arrived home last night from a week's visit at Cincinnati.

FREE-TRADE vs. PROTECTION.

Comparative Figures That Ought to Forever Settle the Merits of the Systems.

The official figures of the Treasury Department at Washington are much better proof for or against any system than the unsupported declarations of Free-trade demagogues.

The Wilson-Gorman Free-trade Tariff Law has now been in operation 30 months, and THE LEDGER presents below the official figures, showing the total receipts of the United States Treasury during that period, compared with the total receipts from all sources during the first 30 months of the McKinley Protective Tariff.

The reader is left to draw his own conclusion as to which policy is best for the American people.

If the anti-Senatorial gleeing prophesies were put up at auction, what a delightful job lot Mrs. TODDLES would have to select from.

SOME people sometimes denounce some people for "bolting" and sometimes the same people applaud some people for "bolting." This is a funny world, full of funny people who strain at a gnat while they gulp down a whole drove of dromedaries.

A BILL has been introduced in the Legislature providing that hereafter all hangings in this state shall take place inside the Penitentiary walls. Probably this is suggested in order to compose the mind of the star actor. After taking a view of the Penitentiary grounds the average citizen will greatly prefer death to confinement there.

The "bolters" who refused to vote for Dr. HUNTER for United States Senator, of whom Senator WHATIST is one, gave out an "official statement" in which they say that their is a fight "for Kentucky against Ohio, KENTUCKY AGAINST IRELAND." Just what this means is left to be determined by those staunch Irish-men who yelled and whooped and voted for Senator WHATIST.

HON. CHARLES H. GROVERMAN of Ohio has introduced in the House a bill amending the Civil Service Law. It provides that the heads of the Executive Departments and the Government Printing Office may renege without examination any person now or formerly in the Civil Service who was reduced in salary or discharged for other cause than inefficiency. If Congress shall adopt this measure it will be a serious blow to the hopes of many of the late Master CLEVELAND's political friends. In fact, the blow will almost kill Grover.

Mr. William Griffith and family of Huntington Township have gone to Glenlock, Kas., to reside.

In double-headed confidence the esteemed Editor of The Lexington Leader, among other things, thus spoke on Sunday last:

"We do not believe that there is a man among the Republican members of the General Assembly who will refuse to give the Republican nominee for United States Senator unhesitating, loyal, faithful, absolute support."
"We believe that a contrary inclination is not only an insult to his constituency, an insult to Republican Kentucky and a base slander upon the Republican party."

In view of the outcome it is presumed that Brother ROBERTS will now "less up" that some so-called Republican members and their constituencies stand insulted, and that the Republican party has been slandered.

GREEK VESSELS

Prevented Running the Blockade by an Austrian Ironclad.

Turks Driven Off by Insurgents at Malaxa and Pursued.

A Strong Force Preparing to Attack Kiasso. The Powers Accept the Proposal for the Establishment of a Neutral Zone Along the Frontier.

CANEA, March 25.—An Austrian ironclad Wednesday prevented a Greek steamer and a sailing vessel from running the blockade.

Another attempt was made by the Turks Wednesday to convey a supply of provisions to the fort at Malaxa, but the easy resulted in failure, the Turks being driven off by the insurgents around Malaxa and pursued to the environs of Suda, where the fire from the Turkish warships compelled the rebels to retreat. Another effort to supply the fort with provisions will be made Wednesday night.

COL. VASSOR.
[Commanding Greek Troops in Crete.]

A strong force of insurgents, it is said, are preparing for an attack upon Kiasso and the admiral commanding the foreign warships have issued a warning similar to that contained in Admiral Canova's proclamation.

The townspeople of Canea have been greatly encouraged by the proclamation issued Wednesday by the Italian admiral enjoining the insurgents and Greek troops not to attack certain forts.

LOXON, March 25.—The Daily News says Thursday that the powers have accepted the proposal for the establishment of a neutral zone along the Greek-Turkish frontier and will require the Greek and Turkish troops to withdraw from the territory included in the zone.

The Daily News will publish a dispatch from Athens denying the statement that the Greek government is in favor of making the island of Crete a principedom under Prince George of Greece.

ATHENS, March 25.—The Empress, which is regarded as reflecting the views of King George, in an article upon the Cretan difficulty, emphatically reaffirms the position of the king.

The article contains as follows: "The king will never join himself with the powers in pressing the Cretans to accept autonomy and the sovereignty of the sultan, nor will he ever consent to such a solution of the difficulty."

The Cretans reject autonomy, which their king rejects also, and will accept only one solution, namely, that upon which the will of the nation and the will of the Cretans shall agree. Every pressure exerted by the powers in Crete will have its counterstroke on the frontier and beyond."

GAS EXPLOSION.

Forty Acres of Coal in a Wilkesbarre Mine on Fire.

WILKESBARRE, Pa., March 25.—Shortly after 3 o'clock Wednesday afternoon the people living in the eastern part of this city were startled by a loud report resembling an earthquake.

The gas in an eight-inch bore hole which had been sunk from the surface over 2 1/2 miles, operated by the Delaware & Hudson Coal Co., into the pit below had ignited and the flames shot up into the air a distance of fully 50 feet.

It is impossible to tell when the fire will be subdued as it is estimated that fully forty acres of coal are on fire in the mine below. This mine has been on fire for some years past. The bore hole was sunk for the purpose of tapping the gas and letting it escape to permit water to run in.

A Schooner Beached. SEABOARD, N. J., March 25.—The schooner Emily Johnson went on the beach at 1:30 Wednesday morning and after an exciting and heroic scene all the members of the crew of six were rescued by the life savers of the neighboring station. The Emily D. Johnson is a schooner of small tonnage and was bound from Baltimore to New York at the time of her disaster. She will be a total wreck.

TRIAL TRIED POSTPONED. NEW LONDON, Ct., March 25.—The new gambler Wilmington failed to receive her trial speed run on account of very unfavorable weather conditions. It is the intention Thursday to make the trial run, but the present indication is that the weather will still be so boisterous that the run will have to be postponed.

Bismarck Contract to His Bed. LONDON, March 25.—The Daily News Thursday publishes a Berlin dispatch saying that Prince Bismarck is confined to his bed in the castle at Friedrichsruhe and that Dr. Schweninger has been summoned from Berlin to attend him.

The Enemy Ravaged. HARRISM, Tenn., March 25.—The Emory river has been on a boom for several days and steamboats have been plying its waters to its mouth. The waters, however, are receding now.
